

CIMA del Rey – King’s Castle Caribbean Institute for Missions Advancement Construction Project Data Sheet

Date: Schedule construction teams from March 2006 until completion.

Project Description: To construct a ministry training, camping, and retreat center for King’s Castle Ministries and the Assemblies of God National Church. King’s Castle Ministries is committed to “forming disciples with a missionary vision to win children and youth to the Lord.” Buildings to be constructed include dorms, kitchen, dining hall, sanctuary and prayer rooms, gymnasium, and amphitheater.
Assemblies of God World Missions Project Number 8764.

Scope of Construction: Cement block walls, floor, plumbing, electrical, poured roof, installation of windows and doors, painting, sewing.

Construction Funds: \$10,000 or more suggested offering for construction materials.

Teams: A team of 15 people is ideal but 30 is the maximum number for the construction team.

Individual Cost: Round trip ticket to Santo Domingo*, Dominican Republic. Per diem is \$65** per day per person which includes lodging and meals at CIMA del Rey. This does NOT include the \$10 per person for the tourist card or personal spending money. Lodging is provided right on the construction site with facilities that were present when the property was purchased. For a little extra, the team could opt for a stay at an all-inclusive beach resort the day before departure.

**Most airfares to the Dominican Republic include the airport exit tax. Double check with your travel agent.*

***Fees are subject to change depending on local economy.*

Activities: King’s Castle evangelistic outreach, local church service, shopping, beach day (if desired) or sight-seeing in the Colonial City

Language: Spanish

Entrance requirements: Passport with Tourist Visa

Electrical Current: 110 volts 60 cycle with power outages on a regular basis (generator on site).
